CITIZENS' COMMENTS

Vincent Mifsud, 24785 Sauger Lake Road, Sturgis stated that he has contacted the Attorney General's Office in Lansing asking for an opinion regarding whether or not it is legal to have the Board pay for something out-of-state as they may do with Trine University. He believes, from his research on the internet, that they cannot give money to a private entity without there being a rock solid return on their investment. He provided some information that he had obtained to the Clerk.

Dan Lucas, 67608 Maple, Constantine also addressed the Board regarding the same subject. He too called the AG's Office and they gave him some opinions and statutes in order for him to do some research. He can find nothing that allows sending money out-of-state unless the County gets something in return. He cited Michigan Compiled Law #123.872. He will keep coming until this issue is resolved by the Board of Commissioners.

Jan Reed, Collaboration Coordinator, Human Services Commission, was present to invite the Commissioners to attend the Elder Abuse Training that will be held in the Lower Level of the Courts Building on June 21st from 1-4 p.m. Guest Speakers include Probate Judge Thomas Shumaker; Commissioner Rick Shaffer; Attorney Mike Mestelle; Laura Sutter, Area Agency on Aging Coordinator; Lynn Coursey, Executive Director of the Commission on Aging; Jason Bingaman, Captain at the St. Joseph County Sheriff's Department; Mary Lynn Falbe, Executive Director of the Domestic and Sexual Abuse Services; and Eva Sylvester, Probate Court Registrar.

COMMUNITY HEALTH AGENCY ANNUAL REPORT

Steve Todd, Health Officer/Administrator gave an overview of the Annual Report for the Health Department. He stated that the Counties of St. Joseph, Branch and Hillsdale formed the Community Health Agency in 1972. Their budget year is from October 1st through September 30th. There are 7 Board members, 3 from St. Joseph County and 2 from Branch and Hillsdale and of those 7 currently serving 4 of them are new to the Board.

In 2009 the H1N1 Clinic was set up and this Community Health Agency had the highest rate of immunizations for school children in Michigan. That was the forerunner to the Specialty Health Programs. His staff helps to enforce the no-smoking law that went into effect May 1, 2010. They only respond to complaints which have been very few. A majority of the public supports this law.

Mr. Todd stated that the Health Department has 8 mandated services that they provide:

- Food Inspections
- Drinking water issues: they issue permits for private wells and do inspections
- On-Site Sewage: they issue permits and do inspections
- Hearing Screenings for children
- Vision Screenings for children
- Communicable Disease Prevention and Control
- Immunizations
- General and infectious disease control and food borne illness outbreaks

Chairman Shaffer asked if the needs of the Health Department have been escalated because of the economy.

Mr. Todd responded by saying that the Woman, Infants and Children program (WIC) has seen an increase as it is a program based upon income and sometimes it is the only access that they have to health care. This is a federally funded program and they have applied for additional funding.

Over the last 6 years that Mr. Todd has been the Health Officer their number of employees has decreased from 95 to 70.

Commissioner Balog stated that he is one of the new Commissioners on the Community Health Board and he said that Mr. Todd does an excellent job as does the staff. They are very professional and provide a very valuable service.

Commissioner Ware asked about how the businesses were doing since the no-smoking law took effect.

Mr. Todd responded by saying that the reports from the inspectors show that some businesses are down and others are up. They just handle complaints and usually after the first year has been documented in other states with the ban, the complaints diminish.

Commissioner Eaton stated that he has the statistics of how bars and restaurants are doing since the ban.

Commissioner Loudenslager stated that he is also a new member on the Community Health Board and said that Mr. Todd does a good job as does the staff.

Commissioner Baker asked about the training for food inspections and services and stated that MSUE also does these services and wondered if it were a duplication of services.

Mr. Todd responded by saying that every food establishment is supposed to have a Certified Manager on duty at least 30 hours per week. He further stated that the Health Department does the certification training for businesses and MSUE does the certified training for food handling for non-profits.

It was moved by Commissioner Baker and supported by Commissioner Loudenslager that the Health Department's Annual report be accepted. Motion carried.

2011 TAXABLE VALUATION REPORT

Currently there are 3 people in the field gathering information for the equalization studies.

Their semi-annual meeting with all local Treasurers was held today and all of the tax billing information was given to them. After Board approval of this report tonight the tax bills will be ready for printing.
